**Please find below and/or attached an Office communication concerning this application or proceeding.**

**Commissioner for Patents**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 09/23/05 has been entered.

2. Claims 1 -6 and 20-22 are pending.

3. The amendment filed on 09/23/05 amending all claims drawn to the elected invention is non-responsive (MPEP § 821.03). Amended claims 1-6 and 20-22 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The invention of the elected group I, original claims 1-6 and 19-22, drawn to a method of treating or ameliorating body wasting or cachexia in a patient with liver cirrhosis, comprising administering to a patient an effective amount of a compound that is able to reduce the production, adsorption or effect of endotoxin, wherein the compound is a bile acid. The invention of amended claims 1-6 and 20-22 drawn to a method for determining, ameliorating and treating endotoxin-mediated cachexia in a human patient comprising a step of measuring the level of cytokine or an inflammatory marker or its production in the blood of a patient. These inventions are different methods because they are different with respect to ingredients, method steps, and endpoints; therefore, each method is patentably distinct.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits.

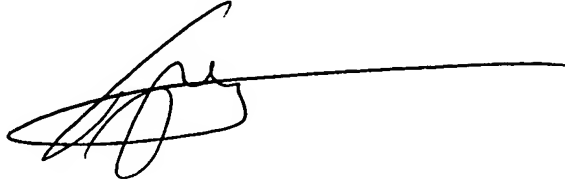

Since the above -mention submission appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD OF (1) MONTH OR THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
